

# CHESTERFIELD FC

"It's not often that seeing one of our advertisements or sponsorships fills us with genuine pride but that's what we have with Chesterfield FC and its community focused ethos that we absolutely applaud.

"It's wonderful to see more and more of the local community attending games and we're delighted to be part of the Chesterfield FC family.

"The customer service by Bridget and all of her colleagues at the club is always above and beyond, nothing is too much trouble, they are patient, not pushy and try to be as flexible and accommodating as they can be.

"Their approach means we never have any hesitation in discussing ideas and opportunities both commercially and in partnership."

"We started our sponsorship with Chesterfield FC at the start of the 23/24 season. From the start, the club was extremely engaging and wanted to know more about our business and where they could help and assist us with promoting our businesses in the area through Chesterfield FC networking events.

"The hospitality shown by the club on matchdays, or networking events, has been first class. The club has gone above and beyond to make our sponsorship feel appreciated and to make us feel like a valued partner to the football club.

"I am delighted that we have been able to continue to support the club further for the 24/25 season and look forward to continuing our partnership with the football club."

"Penny Engineering Ltd have been supporting Chesterfield FC since I became finance director back in 2013. We have done match sponsorship, advertising and Awards and other marketing opportunities with the club. "This has increased our brand awareness and I feel we have built up an excellent business relationship.

"Both Bridget and Alison can never do enough to help, along with the rest of the team.

"Long may this continue as we support the club both on and off the pitch."

"The decision to become stadium sponsors was always led by the fact that I support the club and want to be a part of it during what I feel will be an exciting time.

"What Alison and the rest of the club have done so well, is assist us in making sure that this is a good decision for us commercially as well. They cannot do enough for us, and we look forward to working with them for years to come."

Jonathan Dickens

"Negotiating with Bridget and her team at Chesterfield FC is a pleasure.

"The level of professionalism shown and the quality of what they present during the negotiating process is exceptional.

"The advertising through the matchday experience, print, web and social media is perfect for our requirements."
